

RAILWAYS in BRECKNOCK & RADNOR

The following black and white photographs of railways in Brecknock & Radnor are available from Hugh Davies, Apartment 8, Caesar's Place, Ockford Road, Godalming, Surrey GU7 1QW. For current prices and details of many other lists available please see booklet PL. Please always send a large, stamped, addressed envelope and 40p per list. Stamps are acceptable. Postcard size prints are normally available from stock. Larger size prints are only made against specific orders.

All photographs are taken by Hugh Davies and other members of the Railway Enthusiasts' Club (the REC) between 1946 and 1968 and the great majority have never been published. Indeed we shall be continuing to identify negatives, many thousands of them, over the next few years - negatives that have never before been printed, let alone published - so if you don't see what you want here, please keep in touch. What you require may feature in a future amendment or a new subject list.

This list and further information is available on our website www.photosfromthefifties.co.uk

BRYNMAWR

Although Brynmawr was in the county of Brecknock, geographically it belongs very much with the "Heads of the Valleys" line from Abergavenny to Merthyr. Views taken at Brynmawr will, therefore, be found in List MON.

YOUR HELP WILL BE GREATLY APPRECIATED - If you can identify the locations in unidentified pictures in any of my lists (including the above) do please write and let me know. If you are the first with the correct information you will be credited with the price of the print that you purchased. All these pictures were taken about 50 years ago and regrettably we didn't keep notes of all travels at the time. So by helping with identifications you will not just be helping me but all the other users of this service. Many thanks.
